8:30 a.m. – Tour of National Weather Center (120 David L. Boren Blvd.)

- Website: <http://www.ou.edu/content/nwc/about.html>
- The National Weather Center houses a unique confederation of The University of Oklahoma, National Oceanic and Atmospheric Administration, U.S. Geological Survey and state organizations that work together in partnership to improve understanding of events occurring in Earth's atmosphere over a wide range of time and space scales. Although these tours typically last 2 hours, this one will be somewhat abbreviated for our purposes.

9:30 a.m. – Tour of Sam Noble Okla. Museum of Natural History (2401 Chautauqua Ave.)

- Website: <http://samnoblemuseum.ou.edu/>
- Six breathtaking galleries give visitors an in-depth tour of more than 500 million years of Oklahoma's natural history including the state's indigenous people, native landscapes, and even Guinness World Record-holding dinosaurs.

10:30 a.m. – Tour of University of Oklahoma campus (including the Jacobson House, Fred Jones Jr. Museum of Art, Bizzell Library, Oklahoma Memorial Union, and Owen Field)

- Our afternoon will conclude with a brief driving (then walking) tour of the OU campus. Simply let me know if walking is *not* preferred and then I can explore other means of transportation for us.

Optional:

11:45 a.m. – Lunch at Volare (315 White St.)

- Menu: <https://www.volarepizzeria.com/eat>
- Volare is located in the historic "Campus Corner" district of Norman. Positioned directly across the street from the University of Oklahoma's North Oval, Campus Corner is home to a number of unique restaurants, shops, and live music venues.
